### Air Pollution Notice

The Environmental Protection Commission of Hillsborough County is issuing an Air Pollution NOTICE due to high levels of the pollutant OZONE. This advisory became effective at 3:00 pm today October 8, 2010 when OZONE levels reached 82 PPB at the GANDY air monitoring station, and are high across the County. High levels are forecasted to persist possibly resulting in an eight hour concentration greater than the new standard of 75 ppb. A level of 76 PPB for an 8 hour average translates to an Air Quality Index of 101. Air Quality Index values from 101 - 150 are considered Unhealthy for Sensitive Groups. This notice is in effect until dusk tomorrow, October 9, 2010. The outlook for tomorrow is: conditions which are leading to today's high levels are likely to persist for tomorrow. Individuals with pre-existing respiratory ailments, the elderly or the very young may want to take this into consideration when planning any outside activities. If you have any questions or need further information, please call: Tom Tamanini, with The Environmental Protection Commission, Air Management Division at (813) 363-8815.
