5. Type of Exempt Trimming Proposed (Please indicate):

- Trimming pursuant to section 1-14.05 (a) (1), Rules of the EPC. Generally, trimming within a riparian mangrove fringe (maximum width of 50 feet for the mangrove fringe) located entirely on **privately** owned property; tree height not exceeding 10 feet; and with a shoreline of 150 feet or less. If the shoreline exceeds 150 feet, and this exemption is proposed, please indicate which areas are to be trimmed.
- Trimming pursuant to section 1-14.05, (a) (2), Rules of the EPC. Generally, trimming within a riparian mangrove fringe (maximum width of 50 feet for the mangrove fringe) located entirely on **privately** owned property; where the trees to be trimmed are 24 feet in height or less; with a shoreline of 150 feet or less. If the shoreline exceeds 150 feet, and this exemption is proposed, please indicate which areas are to be trimmed. For trees 16 feet in height or greater, staged trimming is required. Trimming under this exemption must be done by a professional mangrove trimmer. Please ensure that paragraph 3. above is completed.
- Trimming pursuant to section 1-14.05 (a) (3), Rules of the EPC. Generally, trimming within a riparian mangrove fringe (maximum width of 50 feet for the mangrove fringe) located entirely on **privately** owned property; which is designed to re-establish or maintain a previous mangrove configuration; and, where the trees to be trimmed are 24 feet in height or less. Documentation of previous configuration will be required and shall be included with this notice. Trimming under this exemption for trees exceeding 10 feet in height must be done by a professional mangrove trimmer. For work to be conducted by a professional mangrove trimmer, please ensure that paragraph 3. above is completed.
- Maintenance trimming pursuant to section 1-14.05 (a) (4), Rules of the EPC, where the previous trimming activity was done in accordance with a valid exemption or governmental environmental regulatory authorization.
