

APPLICATION TO PERFORM MISCELLANEOUS ACTIVITIES IN WETLANDS

Pursuant to EPC Wetland Rule Section 1-11.09(1)(c)

1. Owner(s) Name, Address and Daytime Telephone Number:

Name

Address

Area Code/Telephone Number

2. Applicant(s) Name (if different than owner), Address and Daytime Telephone Number:

Name

Address

Area Code/Telephone Number

3. Location of Project/Directions to Project Site

Street Address

Section/Township/Range

Exact directions to Site (include main highways and cross streets), please submit a road, city or hand drawn map as an attachment

4. Legal Description for each Property and **Folio Number** (can be attached):

5. Name of Waterbody at Project Site (if applicable):

6. Does the Owner/ Applicant have an EPC-approved survey of Existing Wetlands at the Project Site? YES ___ NO ___

Date of Survey Sign-Off: _____

Owner's Name for Sign-Off: _____

7. Is the proposed project: New Work ___ Maintenance ___ Addition ___

8. Timeframe for Project (approximate): Begin date _____ End date _____

9. Is this to resolve a violation for the Environmental Protection Commission or some other governmental agency? YES ___ NO ___ Reference no. _____

APPLICATION TO PERFORM MISCELLANEOUS ACTIVITIES IN WETLANDS

10. **Authorizations:**

- a. I authorize the agent listed in Item 2 above to submit this application, negotiate modifications or revisions when necessary, and accept or assent to any stipulations on my behalf.
- b. I understand I may have to provide any additional information/ data that may be necessary to provide reasonable assurance or evidence to show that the proposed project will comply with applicable water quality standards or other environmental standards, both before construction and after the project is completed.
- c. In addition, I agree to provide entry to the project site for inspectors, with proper identification or documents as required by law, from the environmental agencies for the purpose of making preliminary analyses of the site. Further, I agree to provide entry to the project site for such inspectors to monitor permitted work, if a permit is granted.
- d. Further, I hereby acknowledge the obligation and responsibility for obtaining all of the local, state and federal permits before commencement of any activity.

I CERTIFY THAT: (please check the appropriate space)

- _____ I am the record owner, lessee, or record easement holder of the property described in Item #4 above of this application.
- _____ I am not the record owner, lessee, or record easement holder of the property described in Item #4 of this application, but I will have the requisite property interest before undertaking the proposed project.

I CERTIFY that I am familiar with the information contained in this application, and that to the best of my knowledge and belief, such information is true, complete and accurate. I further certify that I possess the authority to undertake the proposed activity.

Signature of Owner

Date

APPLICATION TO PERFORM MISCELLANEOUS ACTIVITIES IN WETLANDS

11. Type of Work Being Proposed:

- _____ Rip-Rap and other forms of shoreline stabilization, excluding seawalls (Please complete page 4)
- _____ Dock, Boardwalk (Please complete page 4)
- _____ Boat Ramp (Please complete page 4)
- _____ Swimming Access, Access Path (Please complete page 5)
- _____ Vegetation: Removal, Maintenance, or Trimming (Please complete page 5). Please note, the EPC has a separate form if you wish to **only remove nuisance/exotic** vegetation.
- _____ Overhead transmission lines, aids to navigation, aerial pipeline crossings of artificial waterways, subaqueous utility crossings of artificial waterways, drives or roadways that cross artificial waterways, artificial reefs and freshwater fish attractors, fences, headwalls and culverts associated with EPC approved stormwater discharge facilities, scientific measuring devices, mooring buoys, oil spill and hazardous and toxic waste cleanup, or removal of wrecked, abandoned or disabled vessels.
(Please circle the type of activity and provide a site plan depicting the activity.)
- _____ Other (please specify)

APPLICATION TO PERFORM MISCELLANEOUS ACTIVITIES IN WETLANDS

12. Drawing Requirements - Rip-Rap or other shoreline stabilization (excluding seawalls), Docks, Boardwalks, Boat Ramps

When preparing your drawings use the appropriate checklist to assure that your drawings are complete. Some of the items on the checklist may not be applicable to the type of work being proposed. Drawings which do not contain the necessary items will be considered incomplete, and will require revisions before the application can be considered complete. Incomplete submittals will not be processed. **If you have any questions regarding what would be applicable to your proposal, please contact EPC staff prior to submittal.**

a. Plan View/Top View

- ___ Show existing shoreline, wetland boundary, and property lines with dimensions.
- ___ Show approximate mean high and low water lines if the proposed activity is in tidal areas. Show approximate ordinary high and low water lines if proposed activity is in non-tidal areas (ponds, lakes, etc).
- ___ Show selected water depths taken at approximate mean low or ordinary low water in the vicinity of the proposed structure.
- ___ Show principal dimensions of structure or work (including boardwalks and paths) in relation to property boundaries, and extent of encroachment beyond the approximate high water line and/or the EPC wetland line.
- ___ For a boat ramp, please indicate materials proposed for construction and quantify the area proposed for construction waterward of the EPC Wetland Line. Please be advised that compensation for wetland impacts will be required.
- ___ Show 'North' Direction arrow.

b. Cross-Sectional/Profile View

- ___ Show the approximate mean or ordinary high and low water levels in relation to the proposed structure.
- ___ Show the existing and proposed depths at the waterward face of the proposed work at mean or ordinary high and low water levels; if excavation is proposed, show requested grade.
- ___ Show dimensions of the proposed structure and identify any structures to be erected upon it (i.e., roofs, railings, etc.).

APPLICATION TO PERFORM MISCELLANEOUS ACTIVITIES IN WETLANDS

13. Vegetation Removal (Including Access Areas)

a. Type of vegetation proposed for removal:

b. Type of control requested:

mechanical/hand _____ *chemical _____

If mechanical control is requested, there shall be no substrate disturbance. Please list the type of harvester/hand tools to be used and the method of disposing of plants:

If chemical control is requested, please list the target plants and the chemical to be used:

c. The applicant shall submit a site plan, showing in detail, the area where vegetation is to be controlled or removed for swimming access or access path (dimensions and location). This map should show the property lines and distance in feet between the boundary lines. This would include, if applicable, the distance in feet along the shoreline and the distance out from the shoreline.

* If chemical removal is proposed waterward of mean high water (high tide) or ordinary high water (average high water line) on water bodies greater than 10 acres, a permit will be required from the Florida Department of Environmental Protection's Bureau of Aquatic Plant Management. For more information, please contact Mr. John Rodgers at 744-6163.

Miscellaneous review Fees

Include the appropriate fee from the table below for the EPC review. Make the check payable to the Environmental Protection Commission.

\$150.00 - for Site Clearing/ Alteration/ Building reviews in the following categories; boardwalks, nature trails and access paths; rip-rap and shore stabilization; docks; swimming (open-water) access; and, boat ramps. This does not include any necessary delineation or office review for purposes of setting a wetland line.

\$150.00 - for a Wetland Delineation prior to many other reviews categories. This category will include, but is not limited to, shoreline stabilization.

There will be no fee required for review of requests to remove nuisance or exotic vegetation within a wetland.

Mail or hand-deliver the completed application with fee to the Wetlands Management Division, EPC, 3629 Queen Palm Drive, Tampa, FL 33619-1309 (Phone: 813-627-2600).

Non-Native(E) and/or Nuisance Plants of Hillsborough County

	Scientific Name	Common Name
(E)	<i>Aeschynomene indica</i>	No common name
	<i>Alternanthera philoxeroides</i>	Alligator weed
	<i>Azolla caroliniana</i>	Mosquito fern
(E)	<i>Casuarina equisetifolium</i>	Australian pine
(E)	<i>Casuarina glauca</i>	Australian pine
	<i>Centella asiatica</i>	Coinwort, spadleaf
(E)	<i>Ceratopteris thalictroides</i>	No common name
(E)	<i>Cinnamomum camphora</i>	Camphor tree
(E)*	<i>Colocasia esculenta</i>	Wild taro
(E)	<i>Cupaniopsis anacardioides</i>	Carrot wood
(E)	<i>Cyperus alternifolius</i>	Umbrella sedge
(E)	<i>Cyperus iria</i>	Rice flatsedge
(E)	<i>Cyperus pumilus</i>	Low flatsedge
(E)*	<i>Dioscorea</i> spp.	Air potato, Air yam
(E)	<i>Egeria densa</i>	Brazilian elodea
(E)*	<i>Eichhornia</i> spp.	Water hyacinth
(E)	<i>Elodea</i> spp.	Elodea
	<i>Eupatorium capillifolium</i>	Dog fennel
(E)	<i>Fimbristylis schoenoides</i>	Ditch fimby
(E)*	<i>Hydrilla</i> spp.	Hydrilla
(E)	<i>Hygrophila polysperma</i>	Hygrophila
(E)	<i>Imperata cylindrica</i>	Cogon grass
(E)*	<i>Ipomea aquatica</i>	Water morning glory
(E)	<i>Limnophila sessiliflora</i>	Limnophila
	<i>Ludwigia octovalvis</i>	Primrose-willow
(E)*	<i>Ludwigia peruviana</i>	Primrose-willow
(E)*	<i>Lygodium japonicum</i>	Japanese climbing fern
(E)*	<i>Melaleuca quinquenervia</i>	Punk tree
*	<i>Mikania scandens</i>	Climbing hempweed
(E)	<i>Mimosa pigra</i>	Giant sensitive plant
(E)	<i>Myriophyllum aquaticum</i>	Parrot's feather
(E)	<i>Myriophyllum spicatum</i>	Eurasian water milfoil
	<i>Najas ancistrocarpa</i>	Water nymph
	<i>Najas minor</i>	Brittle naiad
(E)	<i>Nasturtium officinale</i>	Watercress
(E)	<i>Nephrolepis cordifolia</i>	Erect sword fern
(E)	<i>Nelumbo nucifera</i>	Egyptian lotus
(E)	<i>Nymphaea capensis</i>	Cape Blue Waterlily
(E)	<i>Nymphaea lotus</i>	Egyptian white lotus
(E)*	<i>Paederia foetida</i>	Stink vine
(E)*	<i>Panicum repens</i>	Torpedo grass
(E)	<i>Paspalum urvillei</i>	Vaseygrass
(E)	<i>Pennisetum purpureum</i>	Napier grass
(E)	<i>Phragmites australis</i>	Giant reed

Non-Native(E) and/or Nuisance Plants of Hillsborough County (cont.)

Scientific Name	Common Name
(E) <i>Pistia stratiotes</i>	Water lettuce
(E) <i>Polygonum lapathifolium</i>	Pale Smartweed
(E) <i>Polygonum orientale</i>	Kiss-me-over-the-garden-gate
(E) <i>Potamogeton crispus</i>	Curlyleaf pondweed
<i>Potamogeton pectinatus</i>	Sago pondweed
(E) <i>Psidium cattleianum</i>	Strawberry guava
(E) <i>Pueraria lobata</i>	Kudzu vine
<i>Salvinia spp.</i>	Water fern
(E)* <i>Sapium sebiferum</i>	Chinese tallow
(E)* <i>Schinus terebinthifolius</i>	Brazilian pepper
(E) <i>Scirpus cubensis</i>	Cuban scirpus
<i>Sesbania spp.</i>	Sesbania
(E) <i>Solanum viarum</i>	Tropical soda apple
(E) <i>Thelypteris torresiana</i>	Shield fern
* <i>Typha spp.</i>	Cattail
<i>Urena lobata</i>	Ceasar's weed
(E)* <i>Urochloa (Brachiaria) mutica</i>	Para grass
<i>Vitis spp.</i>	Grape vine

(E) denotes non-native species

* denotes species especially aggressive in mitigation areas for this region and their control is recommended at any level of coverage

Note: Any non-native upland species may be removed as determined by EPC staff.
